## ABOUT ME

My name is Astrid, I am 23 years old and I study multimedia design at KEA. I am a hard worker, a quick learner and I thrive with challenges and working on multiple projects at once. My friends describe me as a smiling, outgoing and accommodative person. I love to spend time in my allotment hut with good friends and delicious food.

## EDUCATION

### Multimediedesigner AT KEA, Academy Profession Degree

September 2019 - June 2021

I have gained competences within website building, design process, and content marketing at the multimedia design program. I have expanded my toolkit with the adobe package, primarily Illustrator, InDesign, XD, and Photoshop. During my studies I have cooperated with companies about a digital solution. We work in teams most of the time and that has given me an understanding of how important good teamwork is. At the moment I am working on creating a functional web shop for the Danish ceramicist Maja Sofie.

I start my 10-week internship in the end of January 2021.

### Grundtvigs Højskole

Januar 2018 - June 2018

I took radio journalism, graphic design and jewelry design as subjects at Grundtvigs Højskole. Here I got an insight into how, despite differences, you can form a close bond. It was during my stay that my graphic interest was awakened.
